If you desire to have your kitten guaranteed for the first year of life, then you are required to purchase or supplement your kitten(s) with the NuVet plus vitamins for at least the kittens first year of life. The 1st birthday guarantee will guarantee a one time replacement kitten at 1/2 the cost of the new replacement kitten if the kitten purchased in this agreement dies of a confirmed genetic, hereditary, congenital defect including FIP within it's first birthday. Veterinary proof will be required in the form of a letter from the kittens/cats veterinarian confirming death attributed to a Genetic/Hereditary/ Congenital defect including FIP. Laboratory reports, XRay's, Ultrasounds, and full veterinary records will be required by seller in this agreement as proof, including a Necropsy (Autopsy) should the kittens/cat's veterinarian not be able to find an evident cause of death. A Necropsy will give full determination as to the kittens/cats cause of death. for my Health Guarantee records. Proverbs Cats requires all buyers who choose an extended health agreement to supplement their new kittens with the NuVet Lab's Vitamin powder until the kittens reach the age termed in this contract (one year/1st birthday), to guarantee this health agreement. If at any time prior to the cat/kitten's age termed birthday, the product is cancelled (auto-ship) and discontinued in the cat's daily regimen, all genetic/hereditary/congenital/FIP defect guarantees will no longer be valid.

Proof will be required in the event of a cat/kitten's replacement request, so it is strongly advised that you have proof of purchase receipts for all NuVet plus vitamin supplements purchased, as well as veterinary receipts and documentation proving a genetic/hereditary/congenital defect including FIP. If a definite diagnosis of a genetic/hereditary/congenital/FIP defect death cannot be determined clinically by a licensed veterinarian, then a necropsy (autopsy) will be required to confirm that the cause of death is due to a genetic/hereditary/congenital/FIP defect.

This health agreement does not cover death due to accidents, abuse, neglect, infection or disease brought on from exposure to another cat/animal, or the outdoors, or any random act of nature.
